Introducing the "PAWS Patron Program"

Who is PAWS Pet Therapy ?

PAWS Pet Therapy is a not-for-profit organisation that trains volunteers & their dogs to bring joy, comfort & connection to people in health, education & community settings. With offices in Sydney & Bathurst, we are currently extending the PAWS service interstate and into regional areas. Since 2012 PAWS Pet Therapy has trained, placed & supported over 500 teams (handlers & dogs), to deliver pet-assisted therapy with care, compassion & professionalism. Our teams understand the benefits of pet therapy, & have the skills & knowledge to provide a safe & professional service to our clients. The health & wellbeing benefits of pet therapy are well documented, but research aside, it is the everyday stories that truly show the impact of pet therapy. Whether our dogs encourage a traumatised child to speak, or an elderly person to reminisce, these are the quiet moments of healing, memory & connection. Our dogs have so much power in their little paws that they are also able to lower blood pressure & pain perception, increase social & communication skills & enhance recovery - all with a simple pat! Our loving, engaging dogs touch lives in a way we often can't put into words.

How Can You Help?

For PAWS Pet Therapy to continue delivering our professional service, supporting thousands of vulnerable people each year, we need your help. In 2025/2026 our goal is to partner with 100 community minded companies through our **PAWS Patron Program**. If you join us as a PAWS Patron, your donation will make a real impact, supporting the work we do with children & adults across Australia. Our service is tailored to the needs of our clients, regardless of age or circumstance, ensuring it is accessible to everyone who needs it. As a registered charity with DGR status, your donation is 100% tax deductible, more importantly, you will be helping us deliver real, meaningful change to the lives of thousands of people each year - often at their most vulnerable times. We would love to share the magic of pet therapy with you. Contact us to be part of something truly special.

"Healing through the power of pet therapy"
